Rnd 9 : ch 1, sc same sp, sc in each sp (26 sc in total), sl st into first sc and fasten off but leave a long tail for sewing.

Finish Details

Sewing: Pull the last two rows down and over the outside. Begin sewing along the bottom edge of the color change of A to help it blend and not bleed into color C's final row. I like to stitch just below both loops of the last single crochets using a simple stitch or a back stitch either, is fine. Once done carefully weave ends in to make sure you don't catch the inside which could interfere with the ties.

Ties: Cut two pieces of color b for the ties about 7 inches long. Take a larger

tapestry needle or yarn needle to gently feed the ties through. Run one tie starting on the right all the way around and through the same hole that you started. Repeat on the left side. Be careful not to run through your ties, to check this grab both ends of the right and both ends of the left and try pulling if the bag draws closed you are good to go. Knot the ends of the ties and snip any uneven excess.
